

Info

ENG

Please note that the official language of the event will be English. No translations service will be provided.

We kindly recommend arriving at the venue a few minutes before the beginning of the sessions to ensure a smooth registration process and that a welcome coffee will be served starting at 8.45.

A cloakroom service will be available throughout the event for coats and small personal belongings.

We kindly ask you to inform the catering service in advance of any allergies.

The WES program may be subject to minor changes due to organizational needs.

We recommend elegant-casual attire throughout the event. As part of the experience will take place in the garden areas, we kindly suggest choosing comfortable footwear, as some surfaces may include grass or gravel. High heels may therefore be less practical.

If you are arriving by car, please note that parking spaces are limited. To reserve your parking spot, please contact marketing@eufoton.it. Reservations will be accepted subject to availability.

Please be aware that the event will be professionally photographed and recorded for communication and educational purposes (and used on official communication channels and promotional materials).

At the end of the scientific sessions, guests will be invited to join the evening party hosted at Villa Erba.

For any urgent need or assistance before the event, please contact the organizing team at marketing@eufoton.it | info@eufoton.it
